- Python (Automation)
- JavaScript
- HTML5 & CSS3

ABOUT ME

A Computer Engineering student at Rajamangala University of Technology Phra Nakhon with hands-on experience as a Freelance PC Technician. My experience troubleshooting computer hardware and software sparked my interest in understanding how systems work and solving technical problems. As I continued studying Computer Engineering, this interest gradually developed into an interest in computer networking and infrastructure. I am currently building my skills in network fundamentals, network automation, and infrastructure, with the goal of pursuing a career as a Network Engineer.
